
After extensive research, the best path to obtain translated PDF documents from our website is by way of an online language transfer. A+ Corporation recommends www.onlinedoctranslator.com

This free online file translator keeps our branded A+ graphics, and uses the Google Translate platform for support of more than 50 languages. All textual content is quickly translated and the user can download a new PDF with translated text.

We will revisit our options in the future as technology improves to further enhance the process and resulting visual interpretations.
